SELECTED PRESIDENT ON HIS BIRTHDAY

Nov. 2 is a lucky day for Warren G. Harding. On that day, in 1865, he first blinked at the light.

On that day, just 55 years later, he was elected president of the United States.

Is there any connection between the date of his birth and his success? Astrologers place great importance on birthdays, as indicating the influence of the planets on human affairs. They believe that the particular and relative positions of the heavenly bodies at the time of birth, affects a human being's whole life.

Harding's election confirms the prediction of 10 astrologers in the October number of "Astrologer," a monthly devoted to this subject.

On the well known other hand, it goes against the prediction of five astrologers in the same magazine.

SWEEPING VICTORY FOR THE REPUBLICANS; ELECT CONGRESS AND GOVERNORS SOLID SOUTH THREATENED

HARDING MAY GET 400 OUT OF 531 ELECTORAL VOTES; TENNESSEE CLOSE

NEW YORK, Nov. 3.—(By Associated Press.)—One of the most sweeping Republican victories in history was yesterday recorded for Warren G. Harding for president and a Republican Congress. Tremendous Republican pluralities continue to mount. The Democrats also lost governors, state legislatures and local candidates and the "Solid South" is even threatened. Indications point that Harding will get 329 electoral votes and Cox 127, with 75 doubtful. Women's votes contributed to the Republican majorities.

Victory Grows With Returns. (United Press.)

NEW YORK, Nov. 3.—The scope of the Republican victory that swept the nation yesterday continues to grow as the returns are compiled. Returns show Harding has been elected president by the greatest popular vote ever amassed in the history of politics and the largest electoral vote ever rolled up by a Republican candidate.

The Republicans have strengthened their grip on the senate and will have a working majority of approximately 12 to 16 seats. They will have a top-heavy majority of approximately 100 votes in the house.

Republican governors were elected in practically every state except the Solid South. Harding's electoral vote has reached 372 with indications that doubtful states may bring the total to 400. His popular plurality seems sure to exceed six million.

Seventh Native Ohioan. (United Press.)

MARION, Nov. 3.—Warren G. Harding awoke this morning to find himself voted as president-elect of the United States by the largest majority ever given a presidential candidate. He is the seventh native Ohioan to be elected president, all Republicans. Harding will rest today and tomorrow night Marion will celebrate the Senator's election. Senator Harding and Mrs. Harding expect to depart Friday for Point Isabel, Texas, for a two weeks' rest. Harding has already laid down a general policy refusing to discuss public policies for the present. His belief is that it would be unwise to anticipate duties which might be thrust upon him next March.

Harding Carried Arizona. (United Press.)

PHOENIX, Nov. 3.—With the count still incomplete it is estimated that Harding carried Arizona by 2,000 to 5,000. It is indicated that Senator Marcus Smith, Democrat, has been defeated by Ralph Cameron, Republican.

Tennessee Race Close. (The Associated Press.)

NASHVILLE, Nov. 3.—The race in Tennessee is close. The Commercial Appeal gives Harding 10,000 lead. Official returns from 71 out of 95 counties, give Taylor, Republican, 19,000 lead over Roberts, the Democratic nominee for governor. Democrats claim that complete returns will show a Democratic victory.

WARREN G. HARDING

Galbreath and Morris Run Neck and Neck for Sheriff; Republican Electors Given Big Majority in Daytona

At the time of going to press this afternoon, with 17 out of the 29 precincts of the county completed, and with approximately 1500 votes to count in Daytona, DeLand and New Smyrna, the race for sheriff, being staged between Lee Morris, present incumbent, and M. A. Galbreath, of New Smyrna, is practically a tie, with Morris at this time in a slight lead, but with Galbreath gaining in two of the three precincts as the vote rolls up.

The 17 precincts outside of the cities gave Morris a total majority of 275. With Morris leading in DeLand two to one, with the vote 424 to 263, and leading in Daytona at 2 o'clock with a vote of 304 to 259, or a majority of 45. Galbreath is coming back strong in his home town where, this afternoon, with about one hundred votes to count, the record was: Morris 135; Galbreath 49, or four to one for Galbreath.

At the time the above figures were compiled Morris had a lead of 190 votes, with practically 1500 votes to count. Morris supporters claim this lead will be maintained for the balance of the count, giving him the office, while Galbreath if of the opinion that the negro vote, which was cast early and therefore counted early, has been passed in the count.

New Orleans and speaking at the Elks' National home at Bedford, Va. He will consider his cabinet after his return. He will continue to remain senator until Governor Cox is succeeded by a Republican governor after the first of the year.

Sugar Belt in Doubt. (The Associated Press.)

NEW ORLEANS, Nov. 3.—The result of the Louisiana sugar belt is in doubt.

Daytona Republican.

The majority of about five to four, which Daytona voters gave the Republican party electors over the Democratic was the surprise of the local counting. While it was believed the women and negroes would poll a big vote for Harding, the count is climbing to a big majority, with the White Republicans in a big lead. Majorities of about two to one or better were given every Democratic nominee for state office, Dr. Kluck coming close to Judge Cheney for

second place in the U. S. senatorial race, but both lagging Fletcher considerably.

An comfortable majority was given W. J. Sears for representatives, and Hardee for governor, while the other state offices polled an average of two to one, in all precincts of the county which have been counted.

Lyon and Donnelly received a small vote for state representative, the voters giving Putnam and Sams enough voters to keep them from worrying. Other county officers had no opposition, excepting H. T. McClellan as member of the county school board, who was opposed by Mrs. Harriett Longdon, a Republican. Mrs. Longdon's home precinct, at the beach, gave McClellan a three to one majority, while Daytona made it about four to one.

The bonding issue amendment to the constitution was killed by Daytona voters with a vote of about seven to one, while other precincts on the east side of the county were against, about five to one.

The count of 17 complete precincts, and a count of more than half Daytona and DeLand and three-quarters of New Smyrna vote, gives the following count for sheriff:

TROUBLE STARTED AT OCOEE BY NEGRO WHO BROUGHT SHOTGUN TO THE POLS

ORLANDO, Fla., Nov. 3.—(Special to the Daily News.)—Two white men, Leo Duggan, an ex-soldier, and Elmer McDaniels, both of prominent families, are dead at Ocoee, a town 10 miles from here, a negro named Perry is hanging from a tree with his body filled with bullets near the Country club in this city, an unknown number of negroes at Ocoee, estimated at from 10 to 15, killed, and all the negro houses in that town burned, in the toll thus far of a race riot, which started at Ocoee when a negro, Mose Norman, went to the polls armed with a shotgun after he had been refused to be allowed to vote because he had not paid his poll tax.

The negro Norman went to the polls late yesterday afternoon to vote and the registration books did not show that his poll tax had been paid. He came back a short time later armed with a shotgun and demanded to be allowed to vote. The gun was taken away from him and he knocked a white man down and escaped.

Norman was supposed to be hiding in the house of July Perry. Sam Salisbury, former chief of police of Orlando, went to the house to arrest Norman, when he was shot through the arm. The two young white men were standing in the yard and dropped dead, killed by shots from the hut. The posse which had gathered there opened fire on the hut. Perry was wounded and captured. Firing by the negroes from other huts then began and the white people set fire to 13 houses as a matter of protection. Five negroes were cremated in the houses, and the number killed is only guesswork. Besides the white men killed, several other men besides Salisbury were wounded.

Poses are still in pursuit of the ones implicated in the killing of the white men. The sheriff of Orange county and the chief of police of Orlando hastened to the scene as the first report of the trouble was telephoned to Orlando. Perry was turned over to the two officers and hastened to Orlando. At 3:30 this morning a mob took the negro from the two officers and hanged him to a tree near the Country club shortly after 4:00 o'clock and riddled his body with bullets. There is no particular excitement in this city, other than the buzz of talk the race riot naturally occasioned.

Elks Receive Returns.

The members of Daytona Lodge of Elks enjoyed a jolly occasion last evening. A special wire was cut into the building by the Western Union Telegraph company and the returns of the election throughout the land were received and read aloud as each report came in. An elaborate supper was served to the assemblage and the large crowd present thoroughly enjoyed the evening.

Mr. and Mrs. Frank A. Empsall, of Watertown, N. Y., arrived last night and will occupy the E. W. Pope residence on South Beach street this winter.

## THE PATHWAY IS BEFORE YOU

FLOOD OF JOB HUNTERS  
SOON ON THEIR WAY TO  
THE NATION'S CAPITAL

BY HARRY B. HUNT

(Newspaper Enterprise Association.)  
WASHINGTON, Nov. 3.—Busy days ahead! That's what Washington sees in the election of Warren G. Harding as President and the return of the Republican party to power on March 4 next.

A complete turnover in the executive staff of the government.

A special session of Congress early in the new administration.

A general overhauling and reorganization of bureaus and departments in line with Republican ideas.

Prosperous days ahead, too. Hotels jammed with office seekers. Boarding houses filled with job hunters. Money flowing fast—for the newcomer always spends more freely than the old resident.

The change of administration naturally means much to Washington. It means a changed Washington, in personnel as well as in official attitudes and activities. What the change means in a national way, however, is much more important.

## Separate Peace.

The first important step of the new administration, party leaders here believe, will be the calling of a special session of Congress to consider the following questions:

1. The passage of a resolution declaring the war with Germany at an end, furnishing the basis for a proclamation of peace by the President.

2. The repeal of all war legislation not automatically ended by the proclamation of peace.

3. The drafting of a new revenue bill in harmony with Republican theories of taxation, removing many taxes now placed upon business and industry.

## High Tariff

4. A revision of the tariff—upward—to supplement the changes in the revenue bill and give additional "protection" to American industry.

5. The passage of a budget bill, to make possible a business-like administration of national finances.

6. The institution of a congressional investigation of the federal bureaus and departments as the basis for legislation to redistribute executive functions and eliminate duplications of work and authority.

7. Revision of Federal Trade Commission powers in line with Republican ideas.

8. A revision of the immigration laws to make admission of immigrants more difficult.

9. The restoration of free tolls for American ships passing through the Panama canal, as a legitimate aid to American commerce.

## What Harding May Do

All these matters, which will be urged for early action by Harding as President, must wait, however, for action by Congress before they can be carried into effect.

Matters that will be taken up directly by the new President, under authority of existing law or of party pledges, include:

1. The opening of negotiations for an "Association of Nations" or a modification of the League of Nations, through which peaceful relationship with the rest of the world might be fostered.

2. The abrogation of commercial treaties with some 29 nations, as provided under the Republican Merchant Marine Act, as an aid to the freedom of our merchant shipping, unless President Wilson should in the meantime give notice of their abrogation, which seems unlikely.

3. The negotiation of a separate peace with Germany, following passage by Congress of a peace resolution.

NAMES MENTIONED  
FOR CABINET OF  
NEW PRESIDENT

(United Press.)

WASHINGTON, Nov. 3.—Discussions of cabinet possibilities followed closely on the election of Harding. Apparently well-founded reports name Root as the likely secretary of state to guide the work of settling the treaty and foreign negotiations, then to retire at the completion of that task. Governor Lowden, of Illinois, is mentioned as the possible secretary of commerce or secretary of the treasury. Hoover's name is heard persistently, probably as secretary of the interior; Henry Wallace of Iowa as secretary of agriculture, while Lindley Garrison, once secretary of war under Wilson, is mentioned. Will Hays is thought the possible postmaster-general.

RETAIL PRICES STILL  
ABNORMALLY HIGH

(International News Service.)  
BOSTON, Nov. 3.—Commissioner Charles H. Adams, of the commission on the necessities of life, says that the information which comes to their office from various parts of the state shows that retail prices are held up higher than they are justified by the wholesale prices. For some time the wholesale prices have tended downward, with marked reductions in some items. Yet the retail prices have not

fallen proportionately. The commission, he says, realizes in some cases the retail trade is losing touch with its customers and in the long run that feeling will hurt.

J. G. Brown reports that, before the election, the retail trade in Michigan amounted to 25 of its usual.

BERLIN, Nov. 3.—Arrested here, Willie Pausin, a burglar, who formerly drove the Berlin police chief's motor car, was found to have swallowed the proceeds of his latest robbery.

It was noticed after his arrest that he walked with difficulty and that his stomach appeared abnormally large.

The prison doctor advised him to undergo an operation, but Pausin refused, saying that he would rather be operated on at his own expense. Next day he was found in his cell with a deep knife wound in his side.

An X-ray examination, says the Berlin Post, revealed "a mountain of foreign bodies" in Pausin's stomach, including silver spoons, small forks, a number of screws, and a silver nail file.

## DEPUTY SHERIFF MILTON'S FORD GOES JOY-RIDING

It's not everybody who would pick out a deputy sheriff's car, when he wanted to steal one, and perhaps Young Carleton, alias Brooks, alias several other names, wasn't responsible when last evening he climbed into T. O. Milton's car, which stood outside the city police station, and drove north on Beach street at a merry clip.

He was riding for a fall, however, and when he came to the sharp turn in front of Mayberry's market, tried to take the turn on high, skidding across the road and the car toppled over, stripping a wheel off, and sadly wrecking the little Ford. He narrowly escaped seriously injuring a child who was in the way, and received a skinning up himself, but jumped out of the wreck, and ran a block before he was caught. When questioned, he said the car was his, but when a fun and a pair of handcuffs were found under the seat, it was identified as the Henry, Deputy Sheriff Milton prances about the country in.

The boy was landed in jail to await a hearing, while Milton pockets the loss of his car.
